DEPARTMENT _____

Re: Commerce Bank
1661 Boonville Avenue

A complaint was received in this office concerning a discharge from Commerce Bank on Boonville Avenue. Mr. John Cox was contacted at that location. Mr Cox explained that the discharge was from a sump pump in the tunnel area under the drive in portion of the bank. He stated that the only thing that enters the sump is ground water. There appears to be no problem with this discharge at this time.

1661 N. Boonville
